

Hello, my name is \$I from , Promark Research. We are conducting a survey of election workers in Utah. By now you may have received a letter in the mail regarding this study. It is important that we talk to people who were trained to work at the polls whether you ended up working on Election Day or not. This survey is being conducted with the cooperation of the Office of the Lieutenant Governor and your participation is voluntary. Your responses to the survey are completely confidential. The input of trained Election Day workers like yourself is very important to improving the election process for future elections. I'd like to begin by verifying that I reached <FNAME> <LNAME> and that you were hired to work in the November 7th general election as an election worker. Is that correct?
